

Laptop Locking Station 2.0 without lock for bundling with master-keyed locks

Trusted security for MacBook and ultra-thin laptops

K64451WW

Product Description

The Kensington Laptop Locking Station 2.0 was created to protect the MacBook® and other ultra-thin laptops. Providing the trusted protection that has made Kensington The Professionals' Choice™ in laptop security for over 25 years, the Laptop Locking Station 2.0 is the preferred desktop security solution for ultra-thin laptops without security slots.

Features

- Professional-level design provides a sleek, brushed aluminium locking station offering side port access and superior flexibility in laptop engagement.
- Non-invasive locking technology requires no hardware modifications to the laptop, preserving your laptop's aesthetics and hardware warranty.
- Adjustable security arms accommodate 11"-15.6" MacBook® and ultra-thin laptops.
- Scratch-Resistant Bumpers line the back wall and base to protect your laptop from cosmetic damage.
- Compatible with the new MacBook Pro 16-inch.
