

Kensington

FP123 Privacy Screen for Surface Pro

Keep your business, your business

K64489WW

Product Description

Trust Kensington, the choice of IT professionals, to help protect the sensitive information on your Surface™ Pro and reduce the chances of wandering eyes viewing confidential data on your screen. This privacy screen is designed specifically for the Microsoft® Surface™ Pro and is compatible with the touch screen. The FP Series Laptop Privacy Screens limit the field of vision to +/- 30 degrees so a person off to the side only sees a dark screen. They are easy to install, with the included double-sided tape. The reversible privacy screens also use an anti-reflective coating to reduce glare, and they filter out harmful blue light by up to 30 percent.
