SD3500v 5Gbps USB 3.0 Dual 2K Docking Station - HDMI/DVI-I/VGA - Windows

Make a Windows Laptop or Convertible Ultra-Productive

K33972EU

Ultra-thin laptops and 2-in-1 convertibles like the Microsoft Surface Pro offer great mobile productivity and sleek good looks. But that also means they usually come up short on connectivity ports. As a result, you're constantly plugging and unplugging peripherals. That's where the SD3500v USB 3.0 Universal Docking Station comes in. It turns one USB port into six so you have access to all your peripherals, including keyboard, mouse, printer and external hard drive. And with dual HD video output, you can add two external monitors to boost productivity. The dock's two USB 3.0 ports support super-speed data transfer of up to 5 Gbps.
