### Product Description

Take the noise out of noisy planes and accommodations with the Kensington Noise cancelling Headphones. These comfortable and compact headphones let mobile professionals travel in peace and quiet. A built-in microprocessor analyzes background noises and creates an inverse sound wave that cancels the offending sound. Engines, fans, snoring, and other low frequency annoyances virtually disappear, leaving the traveler free to work, sleep, or listen to music in blissful silence.

### Features

- Creates quiet environment for work, sleep, or listening pleasure
- Generates inverse sound wave to eliminate background noise
- Comfortable and lightweight for all-day use
- Foldable design stows in travel bag for carrying ease
- Airplane jack for hassle-free music or movie enjoyment
- Passive noise reduction technology is used to reduce background noise and disturbance by up to 15db, ideal for aiding concentration in classrooms and offices.
