

Auto/Air Power Inverter with USB Ports

An inverter that's big on power and small in size

K38037US

Product Description

Simply plug the Kensington Auto/Air Power Inverter with USB Ports into your vehicle's power port or an airline power outlet (Empower®) and you're ready to charge and power up to three mobile devices simultaneously. With 150 Watts of peak power in a super thin design you'll have all the power you need wherever your travels take you.

Features

- Ultra-compact design fits easily in a notebook case or a vehicle glove box
- Provides up to 150 Watts of wall power to run your notebook, portable DVD player and more
- Two USB power ports to charge your mobile/smart phone, iPod/MP3 player, PDA or and other USB powered device
- Automatic safety shutdown protects your devices from changes in power
