Product Description

Fly through airports with the Kensington Wall/Air Ultra Compact Notebook Power Adapter. It also charges other mobile devices, even in the air, so you'll have fewer chargers to pack. And it uses an average of 30% less energy than conventional power adapters.

Features

- 43% smaller and 32% lighter than standard power adapters
- Built-in USB power port charges mobile devices
- Travel pack includes airline charging cable, retractable mini USB charging cable, micro USB adapter tip and travel pouch
- Uses 30% less energy than conventional adapters
- Compatible with notebook computers from HP®/Compaq®, Dell®, Acer®, Toshiba®, Lenovo®/IBM®, Sony®, Gateway®, and Asus®
- Some notebook power tips may not be compatible with all notebook models of the manufacturers as shown. The most up-to-date compatibility information can be found by visiting www.kensington.com
- Some notebooks/devices have very specific electrical requirements that may result in no compatible notebook power tips being available for that notebook/device
- Based on regular 90 watt adapter
