Product Description

Eliminate cable clutter and keep your workspace clean and organized with the Kensington Cable Management Puck. It attaches to any work surface in seconds-just peel and stick. Then route a Kensington cable lock, and two other device cables as well (USB or mini USB cables) for a cleaner, neater desk.

Features

- Stops your cable from running away, by keeping it in place and easily accessible
- Three cable runners clean up cable clutter
- Adhesive back keeps puck in place
- Simple to install- just peel and stick
- Designed to blend into office environment
- Manages one lock cable, and cables for two other devices
