

**ComboSaver® Master Coded Combination ComboGenie**

K67711US

**Product Description**

Eliminate the risk of forgotten or reset combinations while ensuring a higher level of security. The Kensington ComboSaver Master Coded Combination ComboGenie employs two-factor authentication to allow administrators with both the ComboGenie and proper administrator's code to discover the combination for all locks within their scope. Using the ComboGenie the administrator can open any of the Kensington ComboSaver Master Coded Combination Notebook Locks (sold separately) being managed by the administrator. The result is greater security, reliability and reduced downtime from lost or forgotten combinations.

**Features**

- ComboGenie's two-factor authentication process allows for secure combination recovery by authorized administrators
- Must be used with K67710 ComboSaver® Master Coded Combination Notebook Lock
- Required administrator code
