Product Description

Comfort and productivity are at your fingertips with the SlimBlade Trackball. Your computing experience gets smoother, faster and easier with a ball that can do it all. In addition to the usual productivity gains that come with a trackball, with a simple twist of the ball, you'll be scrolling up and down pages. It offers better ergonomics, with less wrist and hand movement that will ease the pain of repetitive-stress injuries. KensingtonWorks software also allows you to turn your trackball into the ultimate media controller so you can adjust volume, hit play/pause, stop, and forward/back. The sleek, low-profile design provides all-day comfort while advanced laser technology and a large 55mm ball deliver exceptional precision.

Features

- Scroll up and down web pages and documents with a simple twist of the 55mm ball
- Sleek, low-profile design offers all-day comfort along with beautiful aesthetics
- Laser tracking technology delivers superior precision for increased productivity
- Free KensingtonWorks™ software allows you to customize buttons, cursor and scrolling speeds.
- Windows ARM-based computers are currently not supported. Please check back for future updates on compatibility.
- Wired 150cm USB cable provides reliability and avoids need for batteries
- Plug & Play installation
- Ambidextrous design for left or right-handed users
- Luxurious Ruby red trackball and metallic silver finish
- PC and Mac® compatible
- This product is designed to comfortably fit users with average to larger sized hands.
- Compatible with Windows Vista® and Mac OS® X. TrackballWorks™ software downloadable from www.kensington.com
