Product Description

Take your presentations on the road and give them in style with the Kensington SlimBlade™ Presenter Mouse. It's sleek, ultra-thin design slips in a pocket and feels great in your hand. And with laser tracking, the mouse delivers exceptional tracking on all surfaces.

Features

- Intuitive forward, back and blackout screen presentation controls on reverse
- 2.4Ghz wireless USB receiver, prevents interference and stores inside mouse
- Laser mouse for maximum sensitivity and cursor control
- 4-way tilt scroll lets you quickly manoeuvre through documents and graphics just by moving your fingertip
- Never worry about turning your mouse on or off again - your mouse goes into sleep mode when your laptop does
