Kensington

SD5550T Thunderbolt[™] 3 and USB-C dual 4K docking station – Windows and macOS

The perfect dock for maximum productivity and compatibility.

K38131EU

Product Description

Product information Gross weight 1.18kg	At last, the perfect dock for maximum productivity and compatibility has arrived. Innovatively engineered to support mixed computing environments with high transfer speed requirements, the Kensington SD5550T Thunderbolt [™] 3 and USB-C dual 4K docking station plugs into the power of one – one dock for more power, more bandwidth and more compatibility. Optimise your productivity with one of the first docks to deliver the unrivalled transfer speeds of Thunderbolt 3 (up to 40 Gbps) while also supporting USB-C laptops (up to 10 Gbps). Ideal for hot-desking, 4K workspaces, video editing, graphic design or content creation, the SD5550T provides more speed, more pixels, more power and more possibilities.
