DERWENT ONYX

Derwent Onyx is our blackest graphite pencil; even darker than a 9B. Great on it's own, or add to work using other graphite media, like Derwent Graphic or Sketching Pencils, to add shape and tone.

With a firmer texture than Derwent Graphic, Derwent Onyx is easy to control and build up darker shades by increasing pressure.

Available individually in medium and dark.

DERWENT SKETCHING

The Derwent Sketching range has been curated to provide three graphite pencils perfect for sketching; HB, 2B and 4B.

Featuring a wider core than Derwent Graphic, and a round barrel, artists can quickly “rough-out” a loose sketch.
