TEXTURE OF WILLOW CHARCOAL

Derwent Charcoal Pencils are made from natural charcoal particles with no impurities; providing the same soft, powdery laydown expected of willow charcoal.

Derwent Charcoal Pencils are available in three shades; light, medium and dark.

DEGREES

TRAVEL FRIENDLY

Charcoal is often used for life studies and is considered very traditional. Derwent Charcoal Pencils offer a more robust alternative, and will last longer than charcoal sticks.

The wood casing makes this charcoal travel friendly, while more traditional charcoal media will break easily in transit.

Ideal for rich dramatic drawings and sketching whilst out and about.
