FINE, POWDERY TEXTURE

Derwent Pastel Pencils are soft and very blendable, with a very fine powdery texture. Ideal for both loose and detailed work.

“Derwent Pastel Pencils are ideal for both loose and detailed work - the soft nature of the pastel strip makes blending easy, allowing me to tackle nature’s extensive colour palette with added confidence. Being able to use the same pencil for detail ensures consistency across my artwork, and a realism that suits my perfectionist tendencies. In my humble opinion, they are second to none for drawing wildlife in particular”
