### ERASER PENCIL & BRUSH

Comfortable pencil style grip.  
Soft brush to effortlessly sweep away dust.  
Non-toxic, PVC and latex free.

### SLIM ERASER

Slim plastic eraser ideal for removing graphite in small areas and for soft precise erasing.  
Non abrasive, clean finish with low shedding.  
Non-toxic, PVC and latex free.

## SPECIALIST MEDIA ERASING

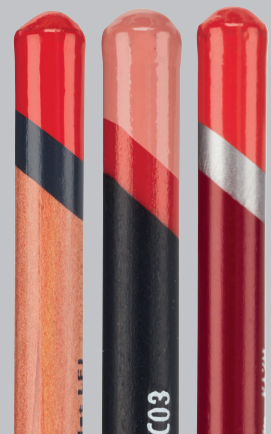

Highly absorbent erasers for removing and lifting charcoal and pastel media

### SPECIALIST MEDIA ERASING

Specialist tools are required when working with charcoal, pastel and colour pencil media.

The Specialist Media Erasing category from Derwent offers a selection of products, specifically designed to optimise performance when lifting these media from paper surfaces.

## SPECIALIST MEDIA ERASING

### SPECIALIST ARTISTS ERASERS

Technique – a soft eraser that lifts charcoal and pastel particles off the paper, perfect for technical drawing and sketching

Artist – a hard eraser for removal of dense strokes of graphite and soft coloured pencil.

Both have strong absorption quality.

High performance, non-abrasive erasing.

Non-toxic, PVC and latex free.

### KNEADABLE ARTIST ERASER IN A BOX

Putty formulation lifts and absorbs graphite, charcoal and pastel particles off the paper.

Pliable and kneadable consistency allows to mould to desired shape for erasing.

Key tool for artists.

Includes storage box to keep clean.

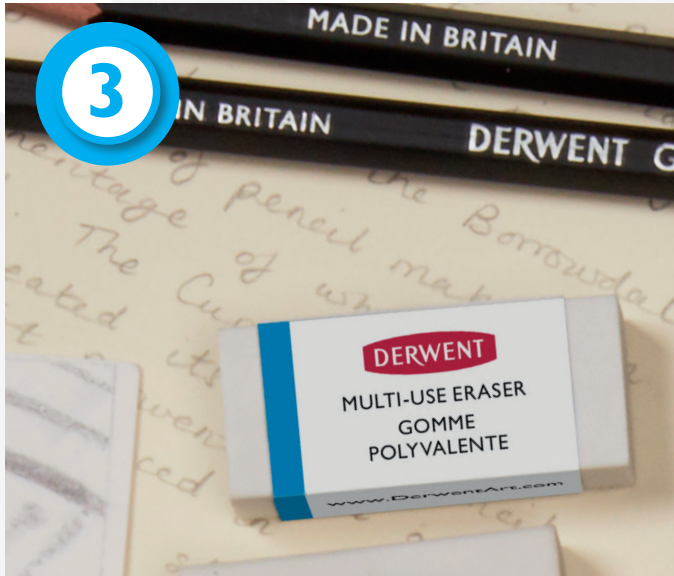

Non-toxic, PVC and latex free.
