

## GBC® EZLoad® Blue End Cap Laminating Roll Film, Low Temp, Gloss, 12" x 300', 1.7 mil, 2 Rolls

3125365EZ

### Product Description

GBC Ultima® 35 EZLoad Roll Film is designed to make laminating easier for busy educators by taking the guesswork out of film loading. EZLoad technology helps eliminate film loading errors.

### Each information

Depth	6.7"
Width	15.4"
Height	3.5"
Gross weight	5.45lb
UPC#	033816056398
Unit quantity	1

### Features

- EZLoad technology helps eliminate film loading errors. Color coded light blue and dark blue end caps show the correct way to load film, which avoids accidental upside down loading.
- GBC EZLoad NAP II Laminating Film 12" x 300' is compatible only with GBC Ultima 35 Laminators, which have blue saddles
- Choose the right film for your job. The 1.7 mil thickness provides protection while retaining flexibility. Select 3 mil if you need something with more rigidity but is still flexible.
- NAP II film is typically used for projects with heavy ink coverage or delicate items
- Keep your documents bright and bold. Glossy film has a shiny finish that helps emphasize colors.
