

GBC VeloBind System One Manual Punch and Electric Finisher

9707023

Product Description

Get professional-looking VeloBind results with this all-in-one punch and bind system. The manual punch handle is convenient for right-or left-handed use. The pressure bar and alignment guide hold documents (up to 1" or 250 sheets) in place during electric finishing. VeloBind adds a smooth, book-like finish to your presentations by locking pages permanently in place without visible holes, tapes or fasteners.

Features

- Ready light indicates when binding is complete
- Extra-large drawer for paper chips and pin debris
- Binds sheets up to 14" in length
- Power Requirements: 115 VAC, 60 Hz, 3 A

Specifications

- **Binding** VeloBind
