

Derwent Inktense 12 Pencils Tin

0700928

Product Description

12 highly pigmented, intensely vibrant, watercolour pencils that are permanent when fully dry. Experiment with different watercolour techniques to add some fun vibrancy to your fine art piece or use in unconventional ways to add some magic to your crafting projects. Unlike traditional watercolour, Derwent Inktense pencils have been uniquely formulated in vivid ink-like colours, offering exceptional layering capability without moving previously dried layers.

Mix with water and see your artwork transform, due to our advanced performance active colour technology. Use Inktense pencils on paper, canvas, ceramic, wood and or even fabric, as well as many other porous surfaces.
