

GBC 5031 Cutter

1711987

Product Description

Automatic 31" cutter for use with the 5031TS laminator and other two-sided, production laminators. A tie bar connecting to the 5031TS Laminator along with the in-line guides ensure accuracy. The cutter provides easy-to-use features to increase productivity. One example is the output counter which tracks the number of cut sheets to properly manage your job requirements.
