

GW PT 335 SCC Multi Slitter/Cutter/Creaser

1729318

Product Description

PT 335SCC MULTI

The new PT 335SCC Multi is a complete full-bleed finishing system to fit the digital marketplace. Equipped with interchangeable creasing/ perfining dies the PT 335SCC Multi can quickly switch over from perfining to creasing while preventing digital toner cracking. Strike perf capabilities means that the PT 335SCC Multi can now do partial perfs in both directions for "T" or "box" perfs. The 335SCC Multi makes short work of; business cards, greeting cards, invitations, brochures, pamphlets, catalogs, posters, book/CD covers, photographs, tent cards, and more by simply loading the high capacity 4" pile feeder. Processing sheets up to 350 gsm at speeds of 25 sheets per minute (8.8" x 11", 2 cuts, 1 crease) the PT 335SCC Multi is an ideal finishing solution to maximize efficiency while minimizing operator intervention.

Retail Packaging Information

Depth	46"
Width	31"
