

SPIRE III 44T - 44" Thermal Wide Format Laminator

1737174

Product Description

Running at a maximum speed of 20' per minute with 4" heat rollers, the Spire III 44T machine is fast and retains heat better for longer runs. The Spire III is easy-to-use with a user-friendly control panel and auto grip, easy-load supply shafts for no-hassle film loading. Designed with an eye for increasing versatility, a 2" mounting gap allows for mounting of thicker substrates while optional unwinds and rewinds and roll-to-roll capabilities can be easily added later.
