

Padding Press J2436

1737222

Product Description

A single-person operation padding press with a centered pivot point that prevents the unit from drastically tipping while loading and unloading. Additional safety and ergonomic features include: twin doors with easy to use thumb latches, no pinch or crush points, locking casters and spring-loaded tilt latch and shallow tilt angle which allows for safer tilting and easier positioning for durability and functionality.

Features

- Drip tray easily holds tools and standard size quart cans
- Twin doors with easy-to-use thumb latches
- No pinch or crush points
- Safe tilting and easy positioning for durability and functionality
- Supply shelf conveniently stores glues and brushes
