

GBC Stack-and-Shred 600X Auto Feed Shredder, SmarTech Enabled

1757577

Product Description

Stack-and-Shred shredder with SmarTech revolutionizes office shredding. This auto feed shredder sends real-time status updates straight to your phone or tablet, freeing you up to do other tasks while the 600X does the work. With the easy-to-use SmarTech Shredder app, you'll be able to keep track of shredding with notifications if the shredding job is interrupted for any reason, and when shredding is completed.

Features

- Intelligent machine works with the SmarTech app. Use the app to track your shredder remotely – it alerts you when your shred job is complete, and if a job is interrupted for any reason.
- Feature allows you to set up your shred job and just walk away. Simply put a stack of paper into the auto feed chamber. The rollers automatically feed paper into the cutters.
- Smart shredder works hard to maintain your security. Super cross-cut style shreds give you P-4 Level Security, so you can shred confidential data with no worries.
- With user-friendly, intelligent features like Auto+ Jam Clearance, Self-Cleaning Cutters, and Power Save, this machine is so smart it practically runs itself.
- Large, 21-gallon pull-out waste bin provides plenty of shredding capacity. Ultra-quiet machine can run for 30 minutes consecutively, with 30 minutes off.
- Machine shreds up to 600 pages with auto feed, or 10 sheets at a time manually, but is also strong enough to shred paper clips, staples, credit cards, CDs and DVDs.
- GBC stands behind this high-quality shredder with a limited 2-year warranty, and a limited 15-year warranty on the cutters.

Specifications

- **Bin Capacity (gallons)** 21
