### **Product Description**

Help to protect the environment by using Recyclable Paper Waste sacks for the Auto+ 750X Auto Feed shredder. Simply place the sack into the retractable bin of the shredder; the front side has perforations so it is possible to see through the viewing window and gauge how much shredded paper the sack contains. When full, the sack can be taken from the bin, closed with the self adhesive strips and replaced by a new one. The sack containing the shredded paper can then all be recycled without you having to remove the contents.
