Depth	0
Width	0
Height	0
Gross weight	39.20lbs
UPC#	50033816037453
Unit quantity	4

### Shipping Information

Country of origin	TH
Minimum Order Quantity	0
Lowest possible unit	Each

### Features

- GBC NAP II Laminating Film 25" x 500' is wound on a 1" core and is compatible with most 25" and larger thermal roll laminators, including the GBC Pinnacle™ 27 Standard Load and Catena 65
- Choose the right film for your job. The 1.5 mil thickness provides protection while retaining flexibility. Select 3 mil if you need something with more rigidity but is still flexible.
- NAP II film is typically used for projects with heavy ink coverage or delicate items
- Give your documents a professional finish. Matte film does not reflect light, which creates a polished look.
- Load film into your laminator using patented, lightweight AutoGrip shafts or traditional steel shafts, which utilize thumb screws and core chucks.
