Shipping Information

Country of origin	TH
Minimum Order Quantity	2
Lowest possible unit	Inner

Features

- GBC NAP II Laminating Film 25" x 500' is wound on a 1" core and is compatible with most 25" and larger thermal roll laminators, including the GBC Pinnacle™ 27 Standard Load and Catena 65
- Choose the right film for your job. The 1.5 mil thickness provides protection while retaining flexibility. Select 3 mil if you need something with more rigidity but is still flexible.
- NAP II film is typically used for projects with heavy ink coverage or delicate items
- Keep your documents bright and bold. Glossy film has a shiny finish that helps emphasize colors.
- Load film into your laminator using patented, lightweight AutoGrip shafts or traditional steel shafts, which utilize thumb screws and core chucks.
