

GBC® Low Temp Laminating Roll Film, Gloss, 25" x 500', 1.5 mil, 1 Roll

3125477

Product Description

GBC NAP II Low Temp Roll Film is designed to help you protect your most important documents, big or small. NAP II is used on heavy ink items or on heat-sensitive materials.

Each information

Depth	26"
Width	10"
Height	5.5"
Gross weight	9.40lb
UPC#	033816083813
Unit quantity	1

Features

- GBC NAP II Laminating Film 25" x 500' is wound on a 2.25" core and is compatible with 25" and larger thermal roll laminators, including the GBC Catena 65 using the 2.25" core adapter
- Choose the right film for your job. The 1.5 mil thickness provides protection while retaining flexibility. Select 3 mil if you need something with more rigidity but is still flexible.
- NAP II film is typically used for projects with heavy ink coverage or delicate items
- Keep your documents bright and bold. Glossy film has a shiny finish that helps emphasize colors.
- Load film into your laminator using patented, lightweight AutoGrip shafts or traditional steel shafts, which utilize thumb screws and core chucks.
