Features

- GBC NAP II Laminating Film 12" x 250' is wound on a 1" core and is compatible with most 12" and larger thermal roll laminators, including the GBC Catena 35, Catena 65 and Pinnacle™ 27 Standard Load
- Choose the right film for your job. The 3 mil thickness provides protection while retaining flexibility. Select 5 mil if you need something protective with more rigidity.
- NAP II film is typically used for projects with heavy ink coverage or delicate items
- Keep your documents bright and bold. Glossy film has a shiny finish that helps emphasize colors.
- Load film into your laminator using patented, lightweight AutoGrip shafts or traditional steel shafts, which utilize thumb screws and core chucks.
