

GBC EZUse Thermal Laminating Pouches, Letter Size, Speed Format, 5 mil, 100 Pack

3200716CF_1

Product Description

Make laminating as simple as possible. Designed for lightning fast speeds and easy loading, GBC EZUse speed format pouches are the best choice for quick and even lamination.

Features

- Create stunning results with impeccably accurate and easy to use lamination pouches. Documents will remain bold with the UV protection, which prevents fading and discoloration.
- With alignment guides and mil icons directly on the pouch, you can eliminate unnecessary waste. Perfectly align your documents and easily select the best laminator setting.
- Arrows on the static-resistant pouch clearly indicate loading direction. The arrows, alignment guide and mil icon all disappear after lamination is complete for crystal clear viewing.
- Get more done in less time. When used with a 12" laminator, these speed pouches can be fed into the machine on the longer sealed side, which reduces processing time by 22%.
- Pouches are compatible with any thermal laminator, including the GBC Fusion 7000L and GBC HeatSeal H700, sold separately.
- The 5 mil thick pouches provide solid protection with limited flexibility. These 11 1/2" x 9" pouches are perfect for letter sized documents. Pack includes 100 pouches.

Specifications

- **Detailed Color** Clear
- **Document Size** Letter Speed Format
