Unit quantity	1

## Case information

Depth	19.1"
Width	12.6"
Height	9.3"
Gross weight	75.05lbs
UPC#	50033816023968
Unit quantity	12

## Shipping Information

Country of origin	CN
Minimum Order Quantity	12
Lowest possible unit	Case

## General information

Layer/Pallet	26
Cases/Layer	15

## Features

- Create stunning results with impeccably accurate and easy to use lamination pouches. Documents will remain bold with the UV protection, which prevents fading and discoloration.
- With alignment guides and mil icons directly on the pouch, you can eliminate unnecessary waste. Perfectly align your documents and easily select the best laminator setting.
- Arrows on the static-resistant pouch clearly indicate loading direction. The arrows, alignment guide and mil icon all disappear after lamination is complete for crystal clear viewing.
- Get more done in less time. When used with a 12" laminator, these speed pouches can be fed into the machine on the longer sealed side, which reduces processing time by 22%.
- Pouches are compatible with any thermal laminator, including the GBC Fusion 7000L and GBC HeatSeal H700, sold separately.
- The 7 mil thick pouches provide durable, semi-rigid protection. These 11 1/2" x 9" pouches are perfect for letter sized documents. Pack includes 100 pouches.
