

Kensington

Wireless Presenter with Red Laser

K33374USB

Product Description

The Kensington Wireless Presenter with Red Laser puts you in control of your presentation and your audience. Conveniently portable and easy-to-use, it allows you to focus on what matters most - your presentation. Simple forward & back controls are complemented with a clever blackout out screen button letting you hide your slides whilst you manage them or direct attention away from the screen and to you. Plug & Play 2.4GHz of wireless technology means you don't need to worry about interference from other devices or unnecessary cables. The bright red laser beam makes illuminating your key points easy. The presenter remote is ergonomically styled to fit comfortably in the palm of your hand.

Features

- Intuitive 4-button controls for forward, back, blackout, and play for a slideshow
- Red laser pointer
- 65-foot wireless range
- Internal storage for wireless USB receiver so it won’t get lost
- Compatible with PC und Mac®
- Plug and play simplicity requires no setup
- Provides forward and back control of PowerPoint® and Keynote® with no drivers needed
- Laser Pointer - see instruction guide for laser pointer safety information
- Rubber textured grip
