

# Xyron XM4400 Cold Laminator

4400-00-01

## Product Description

Instantly applies laminate, adhesive or both without heat to documents up to 42" wide.

## Features

- Proprietary supplies allow quick and easy application changes
- The take-up rollers allow for one-person operation
- Aggressive adhesive, coupled with high pressure rollers, improves both transfer and bonding qualities
- Cold lamination means you can trim your documents immediately after lamination. You can cut right up to, or even through your documents and the laminate will not peel or lift.
- Pro Machines do not come preloaded to allow users to configure units to best suit their needs
- Document thickness 0.0 to 0.10 inches (2.54 mm) Machine weight 155 lbs. (70.45 kg) Foot pedal included
- Laminate total thickness 0.004 inches (0.1 mm)
