

SEAL 54 EL Cold Roll Laminator including Options, 54" Max. Width

54549

Product Description

The SEAL 54 EL-1 is a cold roll laminator capable of mounting and laminating pressure-sensitive graphics up to 54" wide. Designed for ease-of-use and minimal maintenance, the 54 EL is ideal for new users wanting to create professionally-finished wide format graphics. ETL Certified in US/Canada. For optimum performance, choose the 54 EL with factory installed options including image guide, roll trough and leveling feet.

Features

- Cold roll laminator confidently finishes a variety of applications
- Laminates graphics up to 54" wide
- Capable of laminating at speeds up to 14 feet/minute
- Manual nip adjustment up to 1" for handling of most substrates
- Durable uniframe construction requires no assembly and minimal maintenance
- Flip up feed table for easy webbing
- Safety eyes for increased operator safety
- Foot switch for hands free operation
- Includes factory installed image guide to ensure perfect alignment and flat lamination
- Includes factory installed roll trough to keep rolled prints in place before and during lamination
- Includes factory installed leveling feet to keep the laminator stable for the highest quality finished product
