

ClickSafe® 2.0 Keyed Laptop Lock

64435

Product Description

From the industry leader in physical device security for 25 years, Kensington's ClickSafe 2.0 Keyed Laptop Lock offers all the strength and one-click convenience of the original, just in a smaller, uncompromised design. Featuring the 5mm keying system with anti-pick Hidden Pin™ Technology, the ClickSafe lock head snaps onto the ClickSafe Security Anchor after it has been installed into the Kensington Security Slot found in most laptops. A carbon steel cable deters cutting attempts and the pivot & rotate hinge prevents awkward angles when inserting the key.
