Magnapunch 2.0

7705628

Product Description

Who can afford wasted paper, wasted printing and wasted time? That's why GBC designed the new higher capacity Magnapunch 2.0 with evolutionary edge detection technology that ensures documents punch right the first time and every time. The slick new LCD interface delivers real-time error reporting and set up instructions to keep operators and productivity up to speed. No complicated set-ups, No punching errors. No waste. No missed deadlines. You can bank on it.

Features

- Full color interactive LCD provides push button setup instructions and real-time error reporting take the guesswork out of operation
- Evolutionary edge detection technology virtually eliminates mis-punches before they happen thanks to an early warning system
- Continuous half-second punch cycle and a high speed continuous-duty motor punches up to 49000 sheets per hour. Ideal for high volume, high speed punching.
- 13 high capacity interchangeable dies which install quickly without tools. With up to 70% higher punch capacity Magnapunch 2.0 meets all your punching needs.
- Easy-to-use edge guide and clear front window enable operators to maintain accuracy, visibility and control at all times.
