

GBC VeloBind System Four Bind Finisher

9707027

Product Description

This finisher is ideal for high-volume VeloBind projects. Pair it next to a heavy-duty punch to increase your output. The flat surface and pressure bar hold documents (up to 3" or 750 sheets) securely in place while an internal heated knife trims and seals the spine. VeloBind locks pages permanently in place without visible holes, tapes or fasteners.
