

AbsolutePower™ 2.4 Fast Charge

39768

Product Description

Spend less time waiting for a charge and more time enjoying your iPad® mini, iPad with retina display, iPhone 5/5S, iPod® touch 5th generation, or iPod nano 7th generation with the Kensington AbsolutePower 2.4 Fast Charge. No other charger provides a faster—or safer charge for your iPod, iPhone 5/5S or iPad. The AbsolutePower 2.4 automatically recognises your device and provides the fastest safe charge. Connect your iPad and it will automatically deliver 2.4 Amps. Connect your iPhone, iPod touch® 5th generation or iPod nano® 7th generation, and the AbsolutePower 2.4 will only deliver the 1.0 Amp of power it needs and no more for fast, safe charging. Why spend more time than necessary charging your iPad or iPhone—you've got better things to do! With the Kensington AbsolutePower 2.4 Fast Charge, you'll get the fast charge you need, so you can get back to surfing the web, typing emails, checking Facebook®, making calls and more. The Kensington AbsolutePower 2.4 Fast Charge features a compact design and removable plug blades that allow it to be easily stowed in your travel bag. The Lightning cable is permanently attached to the AC adapter, so there are no cords to lose. When you reach your destination, reattach the blades, plug the Lightning charge & sync cable into your device, and get ready for the fastest charge available for your iPad, iPhone or iPod with lightning connectors.
