Product Description

As more health risks are revealed in relation to sitting too much during the workday, professionals are trusting the company with 20 years of ergonomic expertise and turning to the SmartFit® Sit/Stand Workstation to improve their health and productivity. The workstation installs quickly and converts your traditional desk into a standing workspace with minimal changes to your current setup. Because your needs may change in an instant, a pneumatic lift and articulating arm help you quickly transition from sitting to standing, allows you to swivel from side to side to share your monitor screen.

Features

- SmartFit® System allows you to measure, adjust and fit the workstation’s articulating arm to your ideal comfort color setting
- Pneumatic lift lets you quickly and easily transition from sitting to standing
- Articulating arm has four pivot points so you can easily move the workstation up and down and side to side
- Height adjustable so you can set the monitor and the keyboard platform independently for the ideal viewing and typing settings
- Cable management channel routs accessory cords to keep workstation uncluttered
- Reinforced mounting clamp attaches quickly to the desktop
- Secondary platform provides a space-saving area for additional accessories
