Product Description

Optimizing comfort and performance, Kensington's ErgoSoft™ Wrist Rest Mouse Pad combines an ergo-friendly design with best-in-class tracking for optical and laser mice. Featuring an ultra-soft exterior that is supported by gel cushioning and a unique texture that optimizes mouse performance, the ErgoSoft Wrist Rest Mouse Pad provides a difference you can feel.

Features

- Meets MIL-STD-810H Method 504.3 Contamination by Fluids testing for resistance to breakdown when exposed to cleaning and disinfecting solvents such as alcohol and bleach for at least 24 hours.
- Ultra-Soft Wrist Rest features a premium ultra-soft exterior supported by gel-cushioned padding to provide unmatched quality and comfort.
- High-Performance Mouse Pad Surface provides best-in-class tracking control for both optical and laser mice.
- Ergonomist Approved to support the optimal health, comfort and protection of your wrist through proper alignment, tailored dimensions, and a unique curved design that minimizes the impact of repetitive strain.
- Professional Performance-Focused Design combines functional and sophisticated low-profile elegance with a preferred hard mouse surface, non-skid backing and an easy-to-clean surface.
