

NanoSaver® Serialized Combination Laptop Lock

Next Generation Keyless Security for Ultra-Thin Devices

K63331WW

Product Description

Designed to fit the Kensington Nano Security Slot the NanoSaver® Serialized Combination Laptop Lock secures ultra-thin laptops, tablets and 2-in-1s with the same quality and strength that has made Kensington The Professionals' Choice™ for more than 25 years. Developed using strict specifications, patented technologies, and rigorous testing against tough environmental conditions, the NanoSaver® Serialized Combination Laptop Lock provides next generation security for ultra-thin devices.

Features

- Serialized lock head makes retrieving the preset combination simple and easy
- Tough Lock Head with Cleat™ Locking Technology attaches to the Kensington Nano Security Slot found in ultra-thin laptops and tablets for uncompromised security
- Carbon Steel Cable is cut-resistant and anchors to desk, table or any fixed structure
- Verified and Tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion and other environmental conditions
- Register & Retrieve™ program allows you to look up forgotten combination codes
