Kensington®

ClickSafe® Combination Laptop Lock - Master Coded

K64679US

Product Description

The ClickSafe® Master Coded Combination Laptop Lock offers effortless protection with just one click for the ultimate in physical security. The ClickSafe Security Anchor attaches to the industry-standard Kensington Security Slot. A 6-foot cable anchors to a desk, table or any fixed structure, and a keyless four-wheel combination offers 10,000 possible combinations. With the Master Coded solution, IT managers can reset an employee's code if it gets forgotten or the employee leaves the company.

Features

* ClickSafe® Lock provides one-step security after Security Anchor has been installed into Kensington Security Slot™ found on most laptops, increasing employee compliance

* Carbon steel cable is cut-resistant and anchors to desk, table or any fixed structure

* One-handed engagement

* Master Coded solution allows IT to reset forgotten codes

* Attaches to laptop via the Kensington Security Slot found in 99% of computers

* TAA Compliant
