

Rotating Hand-Strap for SecureBack™

K67832WW

Product Description

Using your iPad while on the go can be a real balancing act. In one hand you've got your iPad and with the other you're trying to type. And whatever you do, don't drop that iPad! The Rotating Hand-Strap for the SecureBack is the secure, easy way to use your iPad for business environments such as restaurants, hotels, hospitality and the mobile work force. There's even a shoulder strap for the most secure way yet to carry your iPad. Simply attach to a SecureBack enclosure (or any VESA compatible, 75mm ,tablet enclosure), and you've got a comfortable, secure way to hold onto your favorite tablet.

Features

- Seamlessly integrates into the back of SecureBack M Series enclosures (sold separately), or any VESA compatible (75mm) tablet enclosure
- 360 degree rotation allows iPad use in any orientation
- Included shoulder strap provides an easy, secure way to carry the iPad
- Neoprene construction provides long-lasting comfort
- Adjusts to fit any hand, no matter how large or small
- iPad not included
