

N17 Serialised Combination Lock for Wedge-Shaped Slots, 25-Pack

Keyless security for laptops and tablets for wedge-shaped lock slots

K67965WW

Product Description

From the industry leader in physical device security for 25 years, Kensington has developed the strongest locking solution to secure laptops and tablets that have a wedge slot. The N17 Combination Laptop Lock features a unique lock engagement, creating a strong and reliable connection between the lock head and slot. The resettable 4-wheel number code can be set to any of 10,000 possible combinations. A carbon steel cable deters cutting attempts.
