

Kensington Tablet Projection Stand Clamp

K97449WW

Product Description

Designed for users who want a more robust solution for their Tablet Projection Stand, the screw-mounted tabletop clamp essentially eliminates the chance the projection stand could topple over in the classroom. Simply unscrew the standard base that comes with the projection stand and replace it with the clamp, which is then hand-screwed to the edge of the tabletop to provide a higher level of stability.

Features

- For use with Kensington Tablet Projection Stand (K97447WW)
- Replaces the standard tabletop base for the Tablet Projection Stand to provide a higher level of stability
- Clamp uses 4 screws to attach to the tablet projection stand
- Clamp attaches to the side of a tabletop and can be tightened or loosened by hand
- TAA Compliant
