

BlackBelt™ 2nd Degree Rugged Case for iPad 9.7" 2017 & 2018

Protection At Every Angle

K97452WW

Product Description

The iPad is a popular device in the classroom, conference room, out in the field and used by families and the mobile professional. The BlackBelt™ 2nd Degree Rugged Case is built with military-grade protection for any environment and has an integrated hand strap reducing the chances of accidental drops and making the iPad easy to carry and work with on the go. When stationary, the infinitely variable kick stand allows you to get the perfect angle for viewing or writing and the textured bumper creates a non-slip grip for all surfaces.
