

## PowerBolt™ 2.4 Car Charger with QuickCharge™ 2.0

38227

### Product Description

When you need to charge your mobile device in a hurry, there's no better option than the PowerBolt 2.4 Car Charger with QuickCharge 2.0 technology from Qualcomm®. This charger can power up a battery on a QC 2.0 compatible smartphone or tablet as much as 75% faster than a conventional charger. It also features PowerWhiz Technology, which auto-detects your device to ensure it charges safely. A blue LED indicator lights up so you know your charger is ready for a device and the low-profile design is ideal for any car's interior.

### Features

- QuickCharge 2.0 can speed charging times by up to 75% for compatible devices\*
- PowerWhiz™ automatically detects the type of device you have to provide a faster, safer charge
- Blue LED indicates the charger is powered and ready for a device
- Compact, low-profile design blends into any vehicle interior
- See [www.qualcomm.com/products/snapdragon/quick-charge](http://www.qualcomm.com/products/snapdragon/quick-charge)
