

Kensington

USB-C 3.2 Gen2 10Gbps Cable with 100W Power Delivery, 1 meter

K38235WW

Product Description

When you need a flexible and reliable connection between your host device and Kensington USB-C docking station, this USB-C 3.2 Gen2 (1-meter cable) is the solution. Designed for desktop environments where your dock and laptop are not in close proximity. The cable is capable of carrying up to 4K video, 10Gbps data transfer speeds and 100W of charging for host devices that support USB-C Power Delivery (PD).
(Not all USB-C devices are configured the same, so it's important to understand your host device's USB-C capabilities to ensure this cable will meet your expectations when plugged into a Kensington USB-C docking station.)

Features

- 1-meter (3.28 feet) USB-C 3.2 Gen2 cable that can carry up to 4K video, 10Gbps data speeds and 100W of charging to host devices that support Power Delivery (PD)
- Ideal for connecting a USB-C host device to a Kensington USB-C Docking Station
- Host device must support DisplayPort Alt Mode over USB-C for video output to an external monitor
- Compatible only with USB-C host devices running Windows 7+, macOS 10.10+, or Chrome OS 44+

Specifications

- **Connection technology** USB-C Alt Mode
- **Partner Exclusive** No
- **PDP Request Quote** Yes
- **Period of Warranty** Limited 2-year warranty
