

Combination Ultra Laptop Lock

There's Safety in Numbers

K64675US

Product Description

Protect your laptop and the private information that's on it with the Combination Laptop Lock. The push-button design offers one-handed engagement for easy attachment to any Kensington Security Slot™ found on most laptops. The lock has a preset combination and a serial number, making it easy for immediate use and easy retrieval of forgotten codes.

Features

- Keyless 4-wheel preset number combination
- Serial number is etched on lock head for easy identification
- T-Bar™ Locking Technology attaches to the Kensington Security Slot™ found on most laptops
- Push-button design for one-handed engagement to easily attach lock
- Carbon steel cable is cut-resistant and anchors to desk, table or any fixed structure
- Register & Retrieve™ program allows you to look up forgotten codes
