

MicroSaver® Keyed Locks - Duo - Ultra - Custom Master Access - Supervisor Keyed

8589667704S

Product Description

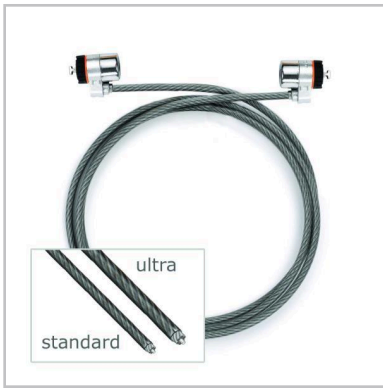

With a single key and ultra-thick 8mm cable, the Kensington MicroSaver® Custom Keyed Duo Ultra Lock—Supervisor gives you the ultimate control over your computers and peripherals. By allowing multiple locks to be opened by a single key, businesses and institutions can ensure device security and simplicity.

Features

- Built-in defense system guards against lock tampering
- Custom keyed options available
- Multi-stranded 1800mm long and 5.8mm thick high-carbon aircraft-grade steel cable with carbon tempered steel core
- One master key opens them all, giving you ultimate control and access
- Online key code Register & Retrieve™ and replacement service
- Patented T-bar lock heads with anti rotation pins and anti tamper feature
- Protect business technology with locks that are only accessible with one master key for ultimate control and access
- Protect business technology with Single Keyed locks that are only accessible with one master key for ultimate control and access
- Secure two items to one another with two high security barrel and round key locks at either end of the MicroSaver® cable
