

Pro Fit® Wireless Desktop Set

72324

Product Description

The Kensington Pro Fit Wireless Desktop Set provides everything you need to turn your workstation into productivity central. The wireless keyboard features a thin sealed membrane that repels water and other liquids, keeping the wiring safe. It's full size with 6 rows including a numeric keypad, giving the touch typist a professional experience. The wireless mouse has a high definition 1200 DPI optical sensor, letting you move the cursor around your screen with precision control. The two-button, scroll wheel design is highly intuitive and works equally well for both right-handed and left-handed users. With a 2.4GHz nano receiver, your desktop stays uncluttered since there's no wiring to get in your way. And with Plug & Play installation, simply insert the receiver into your device and you'll be up and running in no time.
